Monday June 25th

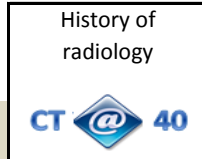

08:30	A1	A2	A3	A4	A5				
08:45	Masterclass 1:	Masterclass 1: RPS	Military radiology	Pancreas	Breast reconstruction				
09:00	Physics toolbox					A6			
09:15						Refresher course - stroke imaging			
09:30		A7						A8	
09:45	A9	Radiology research: competing for time and resources						BIR/RCR radiology trainees session	
10:00	Image quality assessment – latest developments inc scientific papers		A10	A11	A12		A13		s1
10:15			Lower limb trauma	Masterclass: pancreatico-biliary	Minimal invasive breast surgery		Radiographers in the Digital World: How to drive PACS?		BIR CR/DR Digital imaging - A primer for student radiographers
10:30									
10:45									
11:00									
11:15									
11:30									
11:45									
12:00									
12:15									
12:30									s2
12:45									Siemens Dose reduction in CT Abdominal MR
13:00	B1	B2							
13:15	Breast imaging: density analysis inc scientific papers	Seven day imaging services							
13:30			B5						
13:45			Masterclass: spine trauma inc scientific papers	B7					
14:00				GI scientific papers					
14:15									
14:30									
14:45									
15:00		B10							
15:15		2011 Year of Radiotherapy							
15:30	B12								
15:45	BAMMR - MRI Setting the pace								
16:00		B15							
16:15		Implementing Innovation in Imaging							
16:30			B16						
16:45			Masterclass: axial trauma						
17:00				B14					
17:15				After the Barium has gone					
17:30					B11				
17:45					Breast screening & scientific papers				
18:00									
18:15									
18:30									
18:45									
19:00									
19:15									
19:30									
19:45									
20:00	Bar night, Bijou Club								

Hot topic - What man can learn from a dog...

CoR: William Stripp Memorial Lecture

B3 Imaging in veterinary practice

B9 Student radiographer session

CoR event 5.30-7pm

Tuesday June 26th

08:30	C1	C2 Masterclass	C3	C4	C5 Pleural	C6 Interesting	C7	C8	
08:45	Masterclass 2:	2: RPS's	Knee MRI	Masterclass:	imaging &	head and neck	Developments in	Imaging the	
09:00	physics toolbox			uroradiology 1	intervention	cases: FRCR and	digital	dead	
09:15						beyond	mammography		
09:30									S7
09:45		C9 Nurses							History of
10:00	C10	in imaging	C11 Masterclass:		C12 Airways	C13 Masterclass -	C14 National		radiology
10:15	The physics &	departments:	spine		disease -	head and neck	approaches to IT		CT @ 40
10:30	technologies of	luxury or a		C15	refresher course		and changing		
10:45	dual-energy CT	necessity ?		Masterclass:			PACS delivery		
11:00				uroradiology 2				s8	s9
11:15	CT @ 40							Bayer	AGFA
11:30								dose reduction	Regional Health
11:45								contrasts	
12:00	BIR Agfa								
12:15	Mayneord								
12:30	Lecture								
12:45									
13:00		D1	D3 Masterclass:			D4 Neuro	D7 Future	D8	s10
13:15		Commissioning	major trauma			- Infectious and	of PACS	Adv. practice	CoR event
13:30	D2	imaging services		D5 Pearls	D6 Vascular	inflammatory	configuration	scientific papers	e- Learning (by
13:45	CT Optimisation	- working		and pitfalls in	disease -	conditions	and data		invitation only)
14:00	and scientific	together to get it		gynae and	refresher course		management		
14:15	papers			oncology					s11
14:30		D9 Improving							Carestream
14:45		primary care							PACS in the cloud
15:00		access							
15:15	D2 cont'd								
15:30	CT Optimisation		D10 Masterclass:	D13 Pregnancy	D12 Masterclass:		D7 cont'd Future	D14	s12
15:45	and scientific		musculoskeletal	and its problems	chest and		of PACS	GU scientific	Olympics
16:00	papers	D11 Delivering	tumours		Scientific papers	D15 Brain	configuration	papers	session (tbc)
16:15		IR services -				tumour imaging	and data		
16:30	CT @ 40	What has					management		
16:45		changed							
17:00									
17:15									
17:30									
20:00	Conference dinner and ceildih, Manchester Town Hall								

S7  
History of radiology  
CT @ 40

s8 Bayer CT dose reduction contrasts  
s9 AGFA Regional Health

s10 CoR event e- Learning (by invitation only)  
s11 Carestream PACS in the cloud

s12 Olympics session (tbc)

s13 IPEM MSc Satellite Modernising scientific careers

Wednesday June 27th

08:30	E1	E2	E3	E4	E5	E6		
08:45	Masterclass 2: physics toolbox	Masterclass 2: RPS	Refresher course - lower limb	Practical cardiac CT	Pulmonary infections	Paediatric - What's new?		
09:00								
09:15								
09:30	E7 Developments in CT dosimetry & phantoms and scientific papers							E8 Service delivery scientific papers
09:45								
10:00			E9 Masterclass - arthropathies			E10 Paediatric imaging		
10:15					E11 Chest - interactive HRCT		E12 Clinical governance in IT - how much can we afford?	
10:30		E13 Debate: In the economic climate is it reasonable for consultants to have fewer SPAs?		E14 Hot topics in cardiac imaging				
10:45								
11:00	CT @ 40							CoR Clinical leadership in action
11:15								
11:30								
11:45								
12:00	IPEM John Mallard Lecture							
12:15								
12:30								
12:45	CoR Welbeck Memorial Lecture							
13:00								
13:15								
13:30								
13:45	F1 Radiation protection in interventional X-ray							
14:00		F2 Service delivery scientific papers	F3 MSK ultrasound masterclass	F4 Cardiac interactive session	F5 Lung cancer	F6 Contemporary issues in paediatrics	F7 Out of the box - new ways of delivery PACS services	F8 Future of PET
14:15								
14:30								
14:45								
15:00								
15:15			F9 Clinical - Hits and misses					
15:30	F10 Radiation protection - shielding update							
15:45								
16:00						F11 Paediatric Infections		
16:15								
16:30								
16:45								
17:00
